Pathfinder: Kingmaker > General Discussion > Topic Details: How to defeat the adamant golem in harrim quest? Haven't found any relentless weapon yet and nothing seems to work on the matter... found a adamant long sword near one of the disfigured sisters. Description[edit | Source] Made using one of the most difficult and valuable substances, adamant golem is a deadly work of art. It can crush life from enemies that dare to get in the way and it is almost impossible to permanently destroy them. The huge amount of relentlessness needed to build even one of these destructive golems is so significant that most worlds don't have enough resources, forcing the craft to travel to earth's plane or distant outer planes simply to gather the raw materials needed to build a golem body.
